Lilac 10K Run and Walk Cancelled!

This week, we made the difficult decision to cancel the Lilac 10K Run and Walk on Mackinac Island. We believe this decision is the best way to protect our participants, our volunteers, Mackinac Island residents and visitors during this very uncertain time when social distancing is so vitally important.

All current Lilac 10K registrants should have received an email offering them the choice of deferral, refund or a credit for future race. If you are a registrant and did not see the email, please contact us at anne@runmackinac.com

We understand this is likely a disappointment to you, as it is to us, but we are also confident you will understand and share our commitment to protect the safety and health of our participants and our community.

Thank you for your understanding during this very challenging time. We are all navigating through a process unfamiliar to us, but we're confident we will all come through this stronger and hopefully more fit, ready to enjoy the future. At this time, we are optimistically looking forward to our Fall events which remain scheduled as planned. We hope to see you at a future Mackinac Island race and until then, stay safe and be healthy!
